This handbook is intended to help provide a detailed guideline for Parks and Recreation and its partnership with all of our Volunteer organizations. It will help answer questions as well as give more concise information as to what is expected by Monroe Township Parks and Recreation while working with various organizations.

Providing youth sport programs and opportunities has become increasingly more difficult over the years. What started out as a small group of parents coming together to clean and level a vacant lot so their kids could play ball, has developed into demands from special interest groups for state of the art facilities and guidelines to match. The task of providing programs that are fair and at the same time, fun and competitive is becoming more and more challenging.

Recognizing that in order to have rules and guidelines that everybody agrees are fair and in the best interest of all, we have engaged the Officers of all of our groups to develop the following handbook. We Thank them for their Time, Effort and Commitment to forming an amicable Relationship between the department and the organizations.

We in Monroe Township are fortunate to have so many people that invest Hours and Years of service to our Youth. We pledge to support them to the best of our abilities and to uphold the rules that we are about to pledge.

Sincerely,

Director of Parks and Recreation

### *Role of Parks and Recreation Department Department Directory*

#### **Monroe Township Parks and Recreation**

#### **ROLE OF THE PARKS AND RECREATION DEPARTMENT**

The Parks and Recreation Department Director is the front-line liaison with patrons using any of our park facilities. He/she is your primary contact with the department. This is the person in the department who should thoroughly know your organization, understand your by-laws and understand the program that you offer, its needs, and the organization's desires. This person also knows the department, its resources, its capabilities, its budgetary possibilities and constraints. He/she is familiar with policies and procedures, what is and is not feasible, and can give you a response to almost any question or concern that you have. In areas of policy or new programming concepts, they will seek guidance up the chain of command through the Parks and Recreation Department, through the Parks and Recreation Commission, and on to the Township Administrative staff, the Mayor or Town Council, if appropriate. The Parks and Recreation Department Director is specifically responsible for the following:

- A. Coordinating the use of park facilities by establishing use dates and times of specific facilities to an assigned user group. The Director assists the organization with league/tournament schedules, and assuring maximum utilization of all fields and other facilities with the best interest of field and play management.
- B. Serving as a liaison between the volunteer organization and the department by attending organization meetings and serving in an advisory capacity at these meetings. The Director will relay all information received from organizations to the department and prepare appropriate or necessary reports and responses. The Director will, in turn, relay all information from the department to the organization, and handle necessary verbal and written communication--reports and responses.
- C. The Director is the organization contact for ALL concerns and work order requests on town facilities. Organization presidents or designated contact person should contact their assigned Coordinator for all programmatic and maintenance requests. The Director is responsible for receiving, processing, and following-up on those requests and assuring that those requests are appropriately handled.
- D. Each organization President will ensure all coaches attend a recognized coaching certification course recommended by the Director of Parks and Recreation.
- E. The Director is responsible for ensuring that the organizations are in compliance with all of the policies and procedures as listed in this handbook, the department policies and procedures manual as well as any Department/Council action. He/She is also responsible for making sure that the organizations are aware of and understand proper application of these policies and procedures, whether written or implied.
- F. To serve as a point person for all Monroe Township -sponsored activities, tournaments, meetings, etc. He/She will also serve as the point person for all Monroe Township Parks and Recreation tournaments that are held under the sponsorship of organizations that are programmed/scheduled at Monroe Township park facilities.
- G. To support the groups and manage a system that will allow the organizations to prosper. Monroe Township like many other towns has a limited amount of fields and resources to offer to our organizations. It is important that we enforce the guidelines set forth in the .Establishment of a Volunteer Organization Status. to minimize any in town problems that occur with regards to field availability, team and coaches dissension and overall communication.
